

Appl. No. 10/658,507; Filed: September 9, 2003
Preliminary Amendment Dated: September 9, 2005

REMARKS

Applicants submit this Preliminary Amendment prior to the examination of this application on the merits. Applicants respectfully request its entry prior to examination of the present application.

Claims 1-49 have been canceled. New claims 50-54 filed herewith are copies of claims 62-66 from the parent application of the present case co-pending Patent Application Serial Number 10/615,727. The Office Action mailed August 10, 2005 for Patent Application Serial Number 10/615,727 indicated that claims 62-66 are allowable.

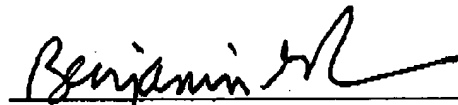

The presentation of claims 62-66 from the co-pending parent application does not introduce new matter. New claims 50-54 are allowable for the same reasons claims 62-66 were indicated allowable in the parent application. Accordingly, Applicant suggests claims 50-54 are also in condition for allowance which is respectfully requested.

The Commissioner is authorized to charge any additional fees which may be required, including petition fees and extension of time fees, to Deposit Account No. 23-2415 (Docket No. 29914-701.411).

Respectfully submitted,

Date: September 9, 2005
